We specialise in the management of commercial sites across the region. With experience with sensitive sites such as hospitals, schools, food processing and government buildings. Let us develop a program to keep your reputation, customers and staff safe.

# SERVICES

We tailor a program for each site to protect your business from nasty reviews.

Services include:

- Cockroach Management
- Rodent Prevention & Control
- Fly Control
- Stored Product Pest Monitoring & Treatment
- Spider and Webbing Management
- Bed Bug Inspections & Treatment

All programs include regular inspections and reporting. A service register will be kept onsite to provide to local councils in the event of a routine audit.

## PEACE OF MIND FOR YOUR BUSINESS

Our council fine reimbursement program gives you the peace of mind that if you receive a council fine due solely to a pest infestation covered by us, we will pay up to \$1000 of that fine. Available to commercial clients. Conditions Apply.
